

Edit Audio

Subject Descriptors: Adjust Audio, Adjust Audio Icons

Application (Version): Camtasia 2.1 Windows XP, Windows Vista

Task Description: How do I adjust the audio? What are the adjust audio icons?

Tutorial Date: 3 June 2009, by Tim Holmes

Selecting Audio Track

Adjust Audio

Select the track(s) you want to work with. In the Timeline, click and drag the seek bar to highlight a portion of the audio to edit and then make your adjustments using the Audio Edit tools. When done editing the audio track, click OK.

Cancel | 

1. Select track(s) to edit:

Audio 1 track

Audio 2 track

Both audio tracks

2. Highlight the audio you wish to modify on the timeline. Then use the audio toolbar below to edit your selection.

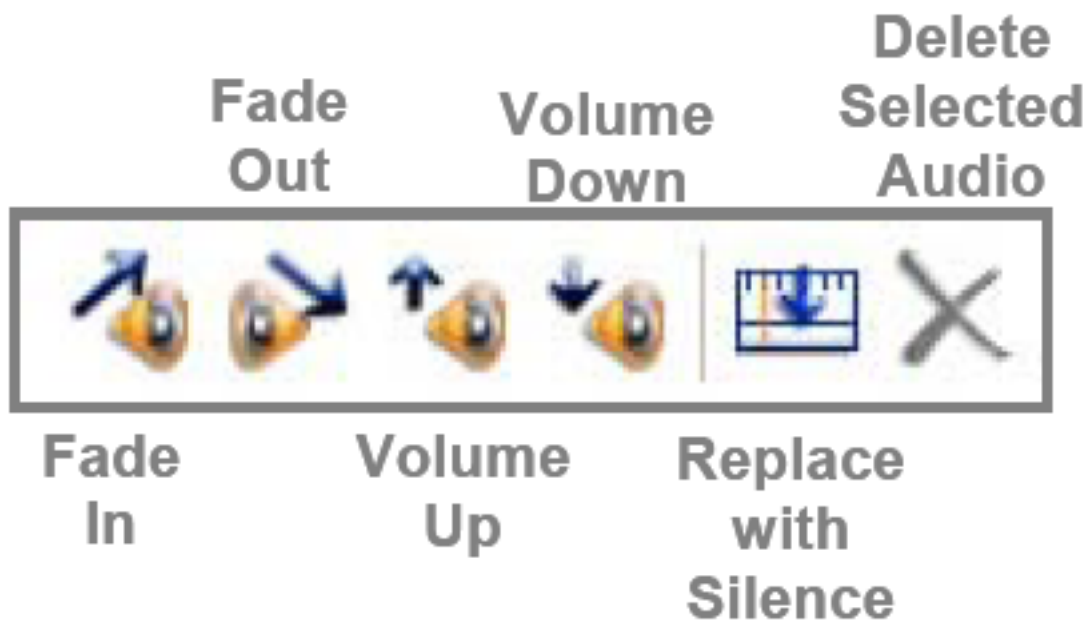

Tip: To re-record the audio on audio track 1 select the audio you want to replace and choose "replace with silence".  Click OK above. Select Voice Narration from the Edit menu.

Select **Adjust Audio** under **Edit** from the **Task List**.

- 1) Select the audio track you would like to edit.
- 2) On the timeline, use the green selection arrows to highlight the section of audio you would like to edit.

Audio Adjustment Icons

3) Make your editing selections using the icons on the *Adjust Audio* screen.
