

How to create a One-Step DVD

Subject Descriptors: iDVD, One-Step DVD.

Application (Version): iDVD, Mac OS X

Task Description: How do I create a One-Step DVD?

Tutorial Date: 1 June 2009, by Arnousone Chanthalyxay

Connect your camcorder to your Mac.

Use a FireWire or USB cord to connect the camera to the Mac.

Turn on your camcorder.

Switch your camcorder to VCR, VTR, or Play mode.

Open iDVD

Select "One-Step DVD"

Insert a blank DVD disc.

iDVD will automatically take the video clips from your camcorder and create a DVD.

Select "Done"

- A pop up box will appear indicating that the disc has been created, click on "Done"
- If you would like to create another DVD, insert a blank DVD disc.
