

TIPS TRICKS AND HOW TO...

Save Files using Elements

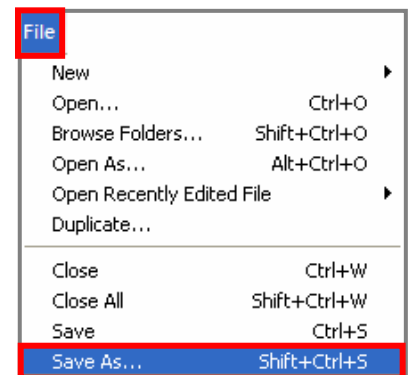

Save as an Elements File

To save your picture as an Elements file, select “Save” from the “File” menu or select CTL + S on your keyboard.

Save as a New Format

To save your file as a JPEG, PNG, TIFF, etc. select “Save As” from the “File” menu.

In the “Save As” Dialog box, select the “Format” drop down menu to view your choices.

Select the format desire and choose “Save.”
