USU Calendar

03/23/2018

OU Campus websites can include events from the USU calendar that are of interest to their website visitors. Website content managers can choose to include all USU events or only events sponsored by their college, department or program listed on the USU Calendar. Layout options include:

- Full-page Calendar with a Daily Listing
- Mini-calendar with a Daily Listing
- Weekly Listing
- Simple Feed

When using the USU calendar, and you click on the More Info link in the event information section, you will be taken to a details page for that specific event.

Please note that to include an event from your department, college or program on the USU Calendar, they must be submitted through the Submit an Event form.
